Dan Richard, Chair, High Speed Rail Authority

**See that train a comin’
It’s rollin’ round the bend...**

—Johnny Cash

“This is a difficult and complex state, but underneath all that, it’s also a state where people believe that great things are possible. I think that was what the governor was tapping into when he said he supported high speed rail because he still felt California was a place where we do big things. But it doesn’t mean that it’s not hard. It’s very hard.”

—Dan Richard

Thursday, February 28th / 11:30–1:00 pm / The Sterling Hotel, 13th & H Streets
